

PRESS RELEASE

Euromall, a town in your town

Mr. Moshe Turgeman, you are a senior partner of Flash Consult Invest, the company that has invested in Euromall Pitesti. When is the opening?

The building is ready, we have already begun the finishing, and the tenants will start very soon the arrangement of the shops. The opening is scheduled for April or May next year.

What can you say about your tenants? Are there anymore places to rent?

Until today we have rented almost 90% of the available area. Among the companies with whom we have contracts, we can enumerate: Adidas, B&B, Bigotti, Fiorangelo, Germanos, INA Center, Kenvelo, Lee Cooper, Meli Melo, Motor Jeans, Odeon, UNIVERS ALL, Coffe House, Yves Rocher, BSB, Hang Ten, Cellini, Leonardo, Benvenuti, La Scarpa, Nike, Jolidon, Bonita, Springtime, Cin Cin, Kentucky Fried Chicken - KFC, Riviera, Giugiuca etc. We have signed contracts with nationally and internationally famous companies, but we have put an accent on the collaboration with local companies because we want the citizen from Pitesti to feel inside the mall like at home. We are trying to build for him a city within his city.

Can you detail?

Of course I can. The studies confirm the fact that citizens from Arges have been wishing for a long time for a commercial centre which can offer them the possibility to shop and have fun at the same time, especially that Pitesti doesn't have any multiplex type cinema or European entertainment facilities. We are trying to cover these lacks by creating an area for shopping with over 100 stores, a supermarket with an area of over 2000 square meters, an leisure area, a games hall and a drugstore pharmacy. We wish that, along with the opening of Euromall, the citizens from Pitesti get the quality products and services that they deserve.

How many halls will the cinema have?

Along with the opening of Euromall commercial center, the citizens of Arges will be able to watch the latest Hollywoodian movies in one of the most modern cinema in the world, with 2,200 square meters area, containing 6 cinema rooms and a total capacity of 1400 seats and having the most advanced sound and image technology.
