

After one month from the opening, Euromall Pitesti starts the summer program with promoting local talents

Pitesti, 15 June 2007. Euromall Pitesti, the most modern commercial center in the country, launches today the official summer program for promoting and capitalizing the local talents that will be presented in this commercial center, for giving a refreshing summer to the Pitesti citizens.

Starting this weekend, Euromall Pitesti will host a show for those who want to spend relaxing moments in the company of local artists. The special guest who will entertain the concert atmosphere will be the well known local group Ciontica Band. This will hold a live concert, Saturday, 16th of June, starting this way the series of their concerts in Euromall, which will take place during the next 2 weeks, every Tuesday, Thursday and Saturday.

The concerts will continue Sunday, 17th of June, with a show offered by the young local upcoming talents that will play the most well known international hits, this way welcoming live music fans. Also Sunday those who have a passion for the newest style trends will take part at a fashion show where will be presented the latest summer collections from Euromall Pitesti stores.

For the small ones, Euromall Pitesti has created 2 areas for children. They can enjoy exterior inflating games – castle, sliders, mattresses – and inside, a playground for the younger ones. The atmosphere will be entertained by clowns with tricks and comic moments.

“We initiated this summer program for promoting local talents, because we wish to offer them the possibility to enhance their artistic nature and to be known in the European local community. This summer Euromall will become the home of Pitesti citizens and its doors will be opened for fun, free time and relaxing moments. We believe in supporting young ones with artistic skills and we try to help them by offering them the chance to be active at the local cultural events. Euromall will continue the season shows series and it will to always come meet Pitesti citizen’s desires”, said Robert Bucur, Euromall representative.

With a total surface of 32.000 square meters built on 3 levels, Euromall Pitesti commercial center includes over 100 stores with diversified profiles, a supermarket with a surface over 2000 square meters, restaurants and modern terraces, a pharmacy and also other facilities like: Food Court, entertainment areas and an exterior parking lot with over 700 spaces. Soon will be inaugurated the 6 movie theaters with over 1000 seats.

Euromall Pitesti created the opportunity for over 2000 jobs for the citizens of Pitesti, in the same time offering shops at European standard for the community and multiple ways of spending quality time for all Arges County inhabitants.
